

Logical Reasoning: Key Concepts, Solved Examples, & Prep Tips

2020/01/15

Logical Reasoning is one of the most important sections for various Government and Non Government recruitment examinations. Several prestigious exams ask questions related to logical reasoning sections very often. Questions of logical reasoning can be categorized into two main sections i.e. Verbal reasoning, and Non Verbal reasoning. If prepared well, this Logical Reasoning section could be the one of the highest scoring section and will make bring you closer to your dream job.

In this article, we are going to cover the key concepts of Logical Reasoning for various topics, solved examples, free online practice questions and the tips and tricks and so on. You are also advised to attempt logical reasoning rest frequently to keep analyzing your preparation level. Read the article thoroughly to clear all the doubts regarding the same.

What is Logical Reasoning?

To simply put, logical reasoning is all about solving problems by using common sense and logic. Logical reasoning is of various types such as verbal reasoning, non verbal reasoning, and analytical reasoning. Some of the important chapters of logical reasoning are Analogy, Classification, Coding Decoding, Blood relation, Venn diagram, Calendar, Clocks, Direction and Distance, Input Output, Puzzle and so on. Let up now understand various types of logical reasoning from below.

Types of Logical Reasoning

Let us see the various types of questions that may come in the Logical Reasoning section one by one from below.

1. Verbal Reasoning

In this type of logical reasoning section, candidates will be given various types of reasoning questions, which require a very good understanding of verbal attributes of English. Some of the verbal reasoning topics are analogy, classification, coding decoding, blood relation, venn diagram, calendar, clocks, direction and distance, decision making, input output, puzzle and so on.

2. Non Verbal Reasoning

In this type of logical reasoning section, candidates will be given various types of reasoning questions, which doesn't require a very good grammar knowledge. Non verbal reasoning is all about analyzing the given question very carefully and finding the correct answer. Various types of non verbal reasonings are analogy, classification, cube and dice, image and figure counting and so on.

Important Topics Under Logical Reasoning

1. Alphabetical/Number/Alphanumeric Series
2. Syllogism
3. Inequalities
4. Analogies
5. Clock & Calendar
6. Blood Relation
7. Direction & Distance
8. Coding-Decoding
9. Data Sufficiency
10. Seating Arrangement
11. Puzzles
12. Machine Input Output
13. Order & Ranking
14. Dices

How to Solve Question Based on Logical Reasoning – Know all Tips and Tricks

Candidates can find various tips and tricks from below for solving the questions related to the Logical Reasoning section.

Tip # 1: Logical reasoning section is one of the tricky sections, so candidates need to read the question carefully before choosing the answer to the given question.

Tip # 2: For solving the questions related to the verbal reasoning, candidates need to have a good grasp over the English language.

Tip # 3: For solving the analytical reasoning type questions, candidates need to study the given statement well and think about the mathematical options to get the final result.

Important Exams Where Logical Reasoning is a Part of Syllabus

Questions based on the logical reasoning section come up often in various prestigious Government exams some of them are as follows.

1. [SBI PO](#)
2. [SBI Clerk](#)
3. [IBPS PO](#)
4. [IBPS Clerk](#)
5. [IBPS RRB Officer Scale I](#)
6. [IBPS RRB Office Assistant](#)
7. [NABARD Grade A Officer](#)
8. [RBI Grade B Officer](#)
9. [NABARD Development Assistant](#)
10. [RBI Assistant](#)
11. SBI SO
12. IBPS SO
13. [RRB NTPC](#)
14. RRB Group D
15. RRB JE
16. RRB ALP
17. [SSC CGL](#)
18. [SSC CHSL](#)
19. SSC MTS
20. SSC JE
21. SSC CPO
22. SSC GD Constable
23. [LIC AAO](#)
24. LIC Assistant
25. LIC ADO
26. LIC HFL
27. NIACL AO
28. NICL AO
29. NIACL Assistant
30. NICL Assistant
31. GIC
32. UPSC CSAT

Logical Reasoning Sample Questions

Question 1: Given Series: 567 289 376 189 852, now if all the digits are arranged in increasing order within the numbers then which number will be the lowest?

Solution: For Given Series: 567 289 376 189 852, if we arrange all the digits in an increasing order then we get: 567 289 367 189 258.

Question 2: Introducing a lady at the party, Goldy told her friend, “She is sister-in-law of my only brother who is father of Ganesh who is grandson of Navya’s husband who is my father who has only two child.” How is Ganesh related to that lady?

Solution: If we analyse all the statements given above in the question and draw the family tree for the same, then we get the answer nephew. Hence, Ganesh is the nephew of that lady.

Question 3: If 25th December 1990 is a Tuesday, then what day is 25th December, 2020?

Solution: First we need to calculate the odd days from 1990 to 2020, if we do that then we get the odd number of days as $1+1+2+1+1+1+2+1+1+1+2+1+1+1+2+1+1+1+2+1+1+1+2+1+1+1+2+1+1+1+1 = 38$ or 3 odd days.

Question 4: EL : HJ :: DY : ?

Solution:

$$E(5) + 3 = H(8) \text{ and } L(12) - 2 = J(10)$$

$$\text{Similarly, } D(4) + 3 = G(7) \text{ and } Y(25) - 2 = W(23)$$

Hence, GW will replace the question mark

Question 5:

Direction: Study the following information carefully and answer the given question.

There are eight persons P, Q, R, S, T, U, V and W sitting in a row(not necessarily in the same order) and facing east. T is sitting fourth to the right of Q. V is sitting third from the right end of the row. Q is sitting between U and W who is sitting third to the left of T who is sitting at a corner. P is sitting immediate left of U. R is sitting at the left corner of the row.

How many people sit to the right of W?

Solution:

1. V is sitting third from the right end of the row.
2. R is sitting at the left corner of the row.
3. T who is sitting at a corner.
4. T is sitting fourth to the right of Q.
5. Q is sitting between U and W.
6. P is sitting immediate left of U.

So, there are three people sitting to the right of W.

Question 6:

Statements:

(a) The hospital has banned the use of cell phones by doctors when they are attending to the patients in the OPD.

(b) The patients' Union complained to the management that the cell phones of the doctors kept ringing and doctors got busy answering their calls reducing the attention they should be giving to the patients.

Solution: Here the complaint of the patients regarding the cell phone use by doctors prompted the ban by the hospital management. Hence, we can easily say that the statement (b) is the cause and statement (a) is the effect.

Question 7:

Statement: Should the government have helped the victims of triple talaq?

Argument: No, because they can face their problem.

Solution: This argument is weak as they all are not self-dependent and this is not an ideal situation for any person.

Question 8:

Statement: According to me, you should get your child examined by a specialist doctor.

Assumption: Specialist doctors are able to diagnose better than ordinary doctors.

Solution: The assumption is valid. One is advising to get his child examined by a specialist doctor. It is obvious that he may be assuming that the specialist doctors diagnose better than ordinary doctors.

Question 9:

Statement: Studies have shown that spending too much time on your phone is bad for your focus and mental health.

Courses of action:

I: Most of the push notifications should be turned off.

II: One should get a real alarm clock and avoid taking the mobiles to bed.

Solution:

The first course of action follows as the statement tells us about the fact that excessive use of the phone can be bad for our health. And the best action to be taken in this direction is to avoid using mobile phones. No one can deny that mobiles these days are an essential tool, which we can't stop using completely.

Therefore, the first course of action provides us with a solution to turn off the notifications, so that we avoid much of the unnecessary use of the phone.

Hence, I follow.

Hence both the actions follow.

At the same time, most of the people say that they carry mobile phones to bed because they need the alarm.

But in this context, they end up using the mobile applications till late night.

The second course of action follows as it suggests getting a real alarm, and avoiding taking the phone to bed.

This is the best possible way to avoid using the phone at night. Hence both the actions follow.

Question 10:

Study the following information carefully and answer the given questions.

A Machine arranges the given input in the following way.

Input: 18 Quickly Teacher Pacer 40 28 86 Heaven

Step 1: Heave Quickl Teache Pace 40 28 86 18

Step 2: Heave 18 Quickl Teache Pace 40 28 86

Step 3: Heav 18 Pac 28 Quick Teach 40 86

Step 4: Hea 18 Pa 28 Teac 40 Quic 86

Step 5: He 18 P 28 Tea 40 Qui 86

And Step 5 is the last step of the above input.

As per the pattern followed in the above steps, find out in each of the following ques- tions the appropriate step for the given input.

Input: 20 Quicker towel Parker 41 29 87 Harness

Which of the following is second to the right of the one that is 4th from the right end in Step IV?

Solution:

In the given illustration:

In step 1, we arrange the smallest word as per alphabetical order in the left end and the smallest number in the right end. All the words are written with one letter being removed.

From the second step, we arrange the smallest word as per alphabetical order and the smallest number from left to right with one letter being removed from every word till the end. A word and number are arranged simultaneously in each step.

Note: In the second step, there will be no removal of words. Now given input is:

Input: 20 Quicker towel Parker 41 29 87 Harness

Step 1: Harnes Quicke Towe Parke 41 29 87 20

Step 2: Harnes 20 Quicke Towe Parke 41 29 87

Step 3: Harne 20 Park 29 Quick Tow 41 87

Step 4: Harn 20 Par 29 Quic 41 To 87

Step 5: Har 20 Pa 29 Qui 41 T 87

Fourth from the right end in Step IV is 'Quic' and second to the right of 'Quic' is 'To'.

Hence, 'To' is the right answer.

We hope you found this article regarding the logical reasoning section was informative and helpful, and please do not hesitate to contact us for any doubts or queries regarding the same. You can also download the [Testbook App](#), which is absolutely free and start preparing for any government competitive examination by taking the mock tests before the examination to boost your preparation.

Logical Reasoning FAQs

Q.1 What is Logical Reasoning?

Ans.1

To simply put, logical reasoning is all about solving problems by using common sense and logic. Logical reasoning is of various types such as verbal reasoning, non verbal reasoning, and analytical reasoning.

Q.2 How to solve logical reasoning questions?

Ans.2

There are certain things which should be kept in mind while solving logical reasoning questions.

- Read the given instructions carefully.
- Look for a logic or pattern and draw diagrams when required
- Do mental calculations and apply tricks to save time

Q.3 What all topics I need to prepare in logical reasoning for upcoming examinations?

Ans.3

Read the important list of topics mentioned in this article. Also go through the detailed syllabus for the exam you are preparing and complete your syllabus. Syllogism, Analogies, Coding Decoding, Puzzle are some of the topics which can be seen in almost every exams.

Q.4 Where I will find some of the sample questions related to logical reasoning?

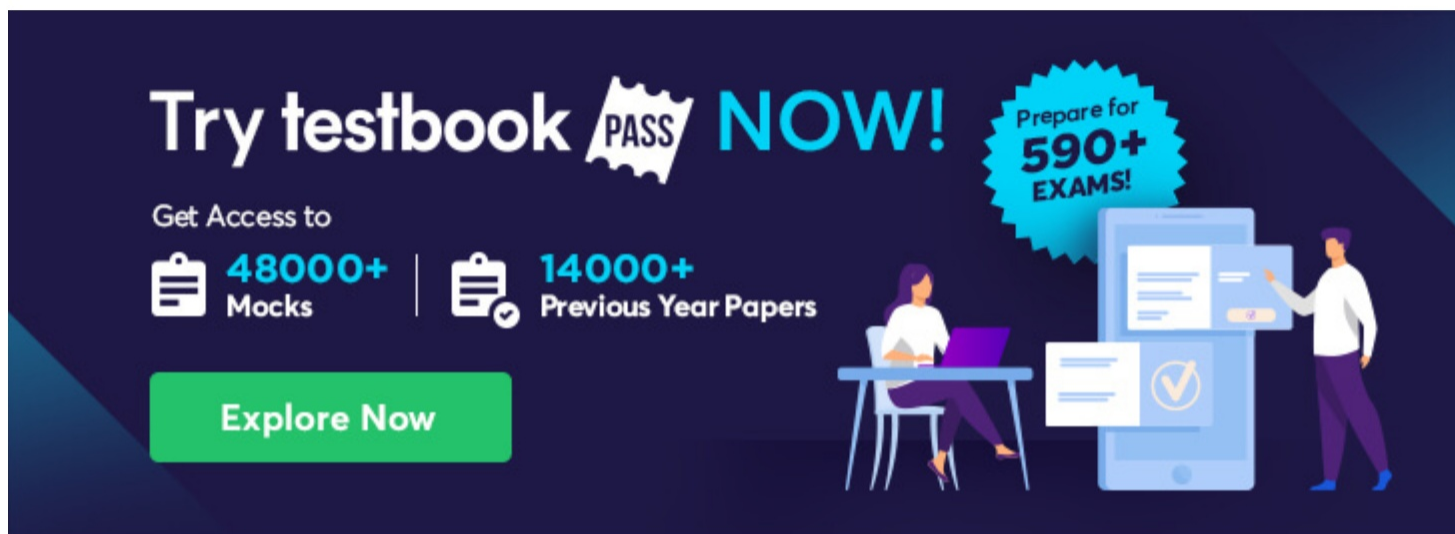

Ans.4

Various example questions along with their solutions are given above in the article. Kindly go through the article for the same.

Q.5 In which exam questions from logical reasoning come up?

Ans.5

Logical Reasoning is one of the most important sections for various government and non government recruitment examinations. Several prestigious exams ask questions related to logical reasoning sections very often. More details can be found in the article above.
